

THE CRESCENT CITY NEWS.

Crescent City

One of the most beautiful locations in Florida. The town is in the southeastern part of Putnam county, 3 miles from Palatka, and is reached by either steam or railroad. Crescent City lies on high ground which rises gradually from the west bank of Crescent Lake, a beautiful sheet of clear water 10 miles in length and from three to five miles in width. The place is well laid out in town and grove lots, the former constituting a portion of the town but six blocks in width lying between two lakes—Lake Crescent on the east and Lake Stella on the west. The level of Lake Stella is 45 feet higher than that of Lake Crescent, thus affording perfect drainage. The water of Lake Stella has its source in springs and is kept absolutely pure by the town authorities who have made it a misdemeanor to pollute in any way. The plant system includes the water supply, the bank of Lake Stella two miles from the town and a little steam railway passengers and freight to and from the town and Crescent City Junction, the railway station.

The trip by steamer from Palatka or Jacksonville is one of the most delightful water rides in the whole country, and the passenger who takes this trip to hold out from start to finish. At a point nine miles north of Palatka the steamer leaves the St. Johns and enters Deep river, a rather narrow but a thick growth of cypress, ash and palmetto—a veritable forest of palms. The river's curves are sharp and frequent and there is never a long reach of water in sight. After nine miles of travel through the forest the steamer enters the broad and beautiful Lake Crescent. A run of an hour and a half lands the passenger at Crescent City. The steamer leaves Jacksonville at 8 a. m., every Tuesday, Thursday and Saturday; Palatka at 3 p. m. on the same days. The boat leaves Crescent City on Monday, Wednesday and Friday at 7 a. m., arriving at Jacksonville at 10 a. m. and at Palatka at 3 p. m. No person ever took the steamer Crescent for Crescent City without experiencing new sensations of pleasure and a short stop at the little city makes any man or woman a life long lover of the place.

In the town proper are some of the most beautiful homes to be found in the state and the people are cultured and prosperous. There is a good school, two churches, Episcopal and Presbyterian, and two good hotels, besides pleasant private homes where board can be obtained. Bathing and boating are provided for. The people have provided well kept golf links for the entertainment of those who like this amusement.

Crescent City has more orange groves than any other town in the state. The orange is the leading occupation of the people and the quality of this fruit has long been regarded as superior to that of any other section of the state. Almost every citizen of the place has a well kept grove, many of which occupy large tracts of land. The groves extend into the country thick. The merchants of Crescent City are live men, and they show stocks of goods credit to the merchants of the larger cities of the state, living cheaper than almost any other town in the state.

The streets are lined with shade trees and the native live oaks, and broad sidewalks are laid on the principal streets. Bicycle paths lead in many directions.

Parties in Crescent City desiring to subscribe for this paper or wishing to renew their subscriptions thereto, may leave their names and money with Mr. E. D. Lounds at the postoffice, who is our authorized agent.

CRESCENT CITY TEMPERATURE FOR THE WEEK ENDING MAY 23, 1922. E. D. LOUNDS, OBSERVER.

Personal and Social.

H. F. Johnson visited Palatka on Monday.

The long dry spell has about ruined the prospects of a good water-melon crop.

James Padgett Jr., and family have moved into the Blanding home on south Main street.

Ernest Jeal has been given charge of the property of Mrs. Cornelia Lyon for the summer.

Mr. and Mrs. M. H. Read left for Buzzard's Bay, Mass., last week. They will not return until fall.

Mr. Walter Cliff is still bringing pineapples to the local market and they are still good.

The C. H. Preston Co. has removed its big ice moulds and refrigerator to the main store room for convenience.

Mr. and Mrs. Frank Buck left for the north on Friday last. During the summer they will make their home in Philadelphia.

During the hot summer months there will be no session of the Episcopal Sunday school, the session for May 18th having been the last until fall.

Mrs. J. L. Burton left yesterday for Cortez, in the Manatee river country, where she will spend several weeks visiting her son Mr. Clay Grable.

The freight and express office has been moved from the junction to the head of Central Ave., in Capt. LaBree's warehouse. It is thought that a telephone line will soon be established there also.

W. B. Clure will leave next Monday for Pittsburg, Pa., at which place he will go into the produce and commission business. Mrs. Clure and the children will remain here until the first of July, when they will follow Mr. Clure.

Squire J. L. Burton spent Monday and Tuesday in Palatka hobnobbing with old friends and talking Cuba. It was his first visit to the county town since his return, and the occasion proved pleasant both to the Squire and his host of friends.

Mrs. Mary E. Smith, formerly of this place, who has been living at her father's home in Welchville, Maine, during the past year, writes that she will spend the summer at Essex, Ontario, the house of her late husband's people, and that she hopes to spend next winter in Crescent City.

Mrs. Dr. Zoll of Waverly, Mo., who has spent the winter at the home of Mrs. F. C. CroTTY, was a passenger on Monday morning's steamer, en route for home. Mrs. Zoll returns to her home enthusiastic in her feelings of good will for Crescent City, its climate and people. She came here last November suffering with a bronchial affection and asthmatic trouble from both of which she seems to have entirely recovered. During her stay of six months Mrs. Zoll greatly endeared herself to our people, and all will hope that her apparent recovery may prove permanent.

Mr. Hill and Family.

Our good friends and fellow citizens Mr. and Mrs. J. R. Hill and daughters, started for Canyon City, Colorado, where they propose making their future home, Tuesday morning. We part with them most regretfully but our good wishes and those of their hosts of friends in Daytown attend them. President of the Board of Trade and a most successful business man, Mr. Hill has been a prominent business man and zealous in all good works. In business and in church he has been a leading spirit and our city will greatly miss him in all avenues of life. His own health and that of his daughter, Miss Maude, compel Mr. Hill to very regretfully seek a higher altitude away from the seashore. Wishing himself and family health, prosperity and happiness in their new home we commend them to the people of Canyon City as a great acquisition to their town.—Daytown Journal.

WELAKA LETTER.

Editor PALATKA NEWS: We are again on a boom. A saw mill is about to be erected on the river, the firm having bought all the turpentine timber of the Middleton's and will proceed to saw it out. The mill will be located near from the mouth of the Ocklawaha river. The company will build a train road out into the timber.

A lot of people went north from here last week and more are going this week. A few of us will continue to hold the town down, trusting for luck to come. No one need go because there is nothing to do here to make money at. A few hours spent in fishing each day will keep the wolf off. Mr. Kirk Morris has paid out more than \$400 in the past six weeks for fish, catfish mostly, paying 2c per pound in the rough. Plenty of the big-mouthed variety weigh 30 or 40 pounds each. They are dressed, packed in ice and sent northward.

What a lot of fun there is being stirred up in politics of late. Many are inclined to believe that Mr. Wall did not get that \$200; there are only a few who would let such a clamor slip away. Why not let him go again, and do better. He is getting very warm under the collar and I am going to try to induce him to come over and I will take him out to my dispensary and give him a glass and a few faints and tell him to do his level best. In that way he may cool off. I have been anxious to hear expressions from his neighbors, and in your last issue was an able article from Hon. John McAllister, well worth reading. He is well known throughout the county, and is known as a high-minded and honorable man, one who desires to do all in his power for the welfare of the state. He hits the nail square. There are many others who think as he does, and will show up. I do not care to slug mud, but I enjoy the slinging that others do. Our primaries are not far off. Then we will see about it.

POMONA.

Mr. and Mrs. E. M. Weeks and son, Louis, formerly of this place, but of Glenwood, were visiting friends in town last Saturday and Sunday.

Arthur Keown spent Sunday here with his parents.

C. H. Worcester has been shipping peaches the past week. The prospects are that he will have a large crop.

Miss Dora Webb and H. E. Wakefield returned from Palatka Saturday, where they have been teaching the past winter.

Mrs. H. A. Curtis, of St. Petersburg, is visiting friends here.

The Endeavor Convention.

The Christian Endeavor Society of Pomona had the pleasure of entertaining the annual convention of the North Eastern District C. E. Union of Florida, May 20th, and 21st. Although there were no delegates from St. Augustine and Jacksonville, still there were good delegations from Crescent City, Huntington, Seaco, Como, Satusma Heights and Welaka in attendance. A pleasant feature of the convention was that it included the Epworth leagues as well as the C. E. societies in these places.

The meetings were full of interest and spiritual power. They opened Tuesday evening. An address of welcome by Miss Mercedes Keown was responded to by Mr. Waterman of Crescent City. Addresses were given that evening by Mr. Hobbs, Mr. Lawson, Mr. Stones of Palatka and by Mr. DeWolf of Como, the latter giving a strong paper on "Christian Citizenship."

Wednesday morning the session opened with devotional exercises led by Mr. Stones. After the reports from the societies and the business, there were addresses on "Christian Endeavor and the Church," by Dr. Reeves of Crescent City, and a strong session on "Social Amusements," by Rev. Mr. Ford of Como. At the noon hour all went over to the hall where a fine dinner was served under the auspices of the young ladies of the local society, and a pleasant social hour was passed. At the afternoon session a suggestive address was given by Mr. Stones on "Cooperation in the District," and there was a warm and hearty discussion of its need and value. As a result of this it was decided that the Christian Endeavor societies and Epworth Leagues in this district, from Palatka to Crescent City, should get together for rallies several times during the year.

An open parliament was held on the "Call to Work" in which many took part. This was followed by an address by Mr. Waterman on "Soul Winning," and another by Mr. Lawson on "Aim of Christian Endeavor." Mr. Norton gave a short talk on Junior Endeavor work, after which recess was taken until evening during which supper was also served at the hall.

The closing service was well attended and full of interest. Mr. Lawson presented "The Quiet Hour Movement" and several persons enrolled as "Conrades." Then Dr. Reeves gave a very excellent address on "Bible Study." This was followed by a talk by Mr. Lawson on "Christian Endeavor and Missions," in which he spoke of some of his own experience in the foreign field. The closing consecration service was conducted by the president, Mr. Norton, who so ably conducted all the sessions. It was a tender and helpful time in which many testified to the help they had received at the meetings and their purpose to live a more consecrated life.

We feel that the convention was a great blessing to us and that it will stimulate our C. E. society to do better work.

Mr. Norton was re-elected president of the union for another year. Under his earnest and able leadership and with the new interest which has been aroused by the convention, we expect that the union will have a prosperous and useful year.

WORLD WIDE REPUTATION.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tone influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirit natural to childhood. It is a man very quickly. One of them caught a boy near where the Spray lay and nearly tore one of his legs from his body.

"There are all kinds of snakes here, and thousands of mosquitoes, and the mosquitoes seem to bite you all the time, as the northern hummingbird. They are savage biters, too."

"Every one about this place seems to be sorry that the boats are going north, and are very anxious for our return next season. We may stop for a little hunting in Georgia, if the weather is right, and will write when we reach Southport, N. C."

SPRING ALIMENT.

There is an aching and tired feeling; bowels, liver and kidneys become sluggish and inactive, the digestion impaired with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during the winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at Ackerman & Stewart's, Palatka, and Lounds' drug store, Crescent City.

HUNTING, FISHING, BICYCLING.

MAGNIFICENT GOLF LINKS

Two links from the hotel. Use of Links free to Hotel guests.

Season opens November 1st.

Every room has been occupied during the past season and those who desire accommodations for the coming season should address the proprietor.

William C. Norton,

Crescent City, Fla.

Lounds' Drug Store,

Crescent City, Offers visitors and citizens a Complete line of

Toilet Articles

And Druggist Sundries

At Moderate Prices.

The large part of our stock is of recent arrival.

We have lately been appointed Agent for the American Bicycle Company, and if your mind is on wheels (not wheels in your head, mind you) come and let us show you what we can do for you.

NOTICE OF APPLICATION FOR

Tax Deed Under Section 8 of Chapter 4888, Laws of Florida.

Notice is hereby given that F. W. Whitlock, purchaser of Tax Certificate No. 306, dated the 4th day of July, A. D. 1908, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Putnam County, Florida, to wit:

S. W. 1/4 of N. E. 1/4 Section 27, Township 10, Range 23—40 acres.

The said land has been assessed at the date of the issuance of said certificate in the name of A. Collins. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 2d day of June, A. D. 1909.

Witness my official signature and seal this 30th day of April, A. D. 1909.

JOSEPH PRICE, Clerk of Ct. of Putnam County, Florida.

EDUCATION BY MAIL

Book-keeping, shorthand, penmanship, English, etc., etc., taught without leaving home or employment. Just the drill you need to use and examination. Right results. Circulars free. Address, L. E. BAKER, Palatka, Fla.
